FOAM CLEANER

1 – DESCRIPTION

FOAM CLEANER removes fresh PU foam and cleans the PU foam gun adapter after the application. Cleans surfaces, clothes, window & door frames and prevents the foam cure in the gun adapter.

2 – PROPERTIES

- Powerful solvent based aerosol cleaner for removing uncured PU foam (straw and gun adapter foam)
- Designed especially for cleaning the gun adapter of foam.
- Cleaner has a spray activator for removing the foam from the gun adapter.
- It can be used in all positions.
- Propellant gas is not harmful to the ozone layer.

3 – APPLICATIONS

- Cleaning of the gun adapter
- Cleaning of the valves of the PU Foam Aerosol
- Removal of uncured foam

4 – INSTRUCTIONS

- Shake the container to mix the contents before use and periodically during use.
- First, ensure all traces of foam residue are dissolved completely from around the gun adapter valve area using the spray method above.
- Screw the can tightly onto the gun adapter and press the trigger to flush the solvent through the gun adapter for at least 5 seconds, ensuring the gun adapter outlet tip is thoroughly cleaned.
- Clean the gun adapter; when the period between two applications is more than a week, after removing the can from the gun adapter without replacing it with a new can.
- Can also be used through the attached spray nozzle.

Attention: Cured PU foam is removable only mechanically.

5 - PACKAGING
